

**CANDIDATE FOR DIRECTOR
INLAND EMPIRE UTILITIES AGENCY, DIVISION 2**

NAME: PATRICK KING

AGE: 59

OCCUPATION: Retired Utilities Manager

Recently, the Inland Empire Utilities Agency raised your sewer bill 9.8%. While requiring Ontario residents pay more for services, since December 2002, the Inland Empire Utilities Agency's Board has increased their pay by 21.5%; continue to receive *free* health insurance; raised the General Manager's pay by 25.6%, to \$283,000; increased the number of employees making over \$100,000 by 82%; increased administrative staff by 32%, and last year paid \$459,822 in bonuses. As your Director, I will return the Inland Empire Utilities Agency's focus to providing quality water and sewer services; not selling bonds without voter approval.

I have 37 years of city, utility and/or business management experience, a Masters Degree in Public Administration, and am a 16 year Ontario resident.

I will bring a fresh approach to the Inland Empire Utilities Agency's board. I will be honored to represent your interests on the Inland Empire Utilities Agency's Board and appreciate your vote on November 7th. www.votepatrickking.com.
